

DataSheet

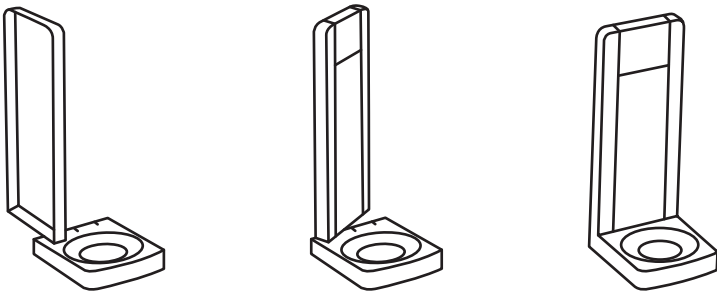

Introducing the Commander Flat-pack Fire Extinguisher Stand range! Available in both single or a double options for smarter and more sustainable transport, storage and assembly.

Engineered for simplicity and durability, its two-piece, click-together design assembles in seconds with no tools required; ensuring effortless portability, more economical transport and storage, and hassle-free setup.

FLAT-PACK FIRE EXTINGUISHER STANDS

Available as a single or double stand, the new Commander Flat-pack Stand range comes supplied in compact packaging, reducing the risk of damage in-transit and allowing for more economical transportation and storage.

Crafted for convenience and durability, this lightweight stand arrives flatpack in two pieces which simply click together. The stand also has an in-built CO2 recess for safer installations of CO2 cylinders.
