

IDENTILEAK WATER LEAK DETECTION PANEL

The Identileak range of panels supports both linear and point detection with Identileak Water Detection Cable and Identileak Probes. Panels range from two to eight detection zones, and each model includes two sounder circuits. Using Alarm and Fault Relays connection to BMS and Solenoid Valves is simple and cost effective.

The system has 72 hour battery back up and continuously monitoring for leaks and faults. An alarm and/or fault condition will be signalled both visually and audibly. Using the Mobile Communicator leaks or faults are instantaneously reported to a mobile app, suitable for those not on site.

Identileak is ideal for small to medium sized projects, with up to 50 metres of cable or 20 probes allowed per detection zone. Probes and Cable can be placed on the same detection zone.

Specification

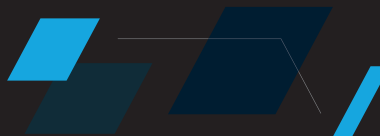

Mains Supply	230 Vac (100 Watts Max)
Mains Supply Fuse	4 A -250 V Slow Blow -20 mm
Output Voltage	28.5 nominal Vdc
Battery Size Max	12 Vdc 7Ah (2 Batteries)
Dedicated Sounder Circuits	24 Vdc, fused at 500 mA
Aux. Relay Output	1 x Alarm, 1 x Fault (NO,NC,C)
Relay Contact Rating	50 Vdc - 2A resistive loads
Detection Circuit EOL	Active EOL – Capacitor
Sounder Circuit EOL	10K Ohms, 0.25 W
IP Rating	30
Operating Temperature	-10°C to 50°C
Construction	Fire Rated ABS
Colour	White
Dimensions (HxWxD)	404x272x107 mm
Weight	1.7 Kg

IDENTILEAK

Features

- / 2, 4 and 8 zone panels
- / Fully monitored alarm and detection circuits
- / Simple to install using 'plug and play' technology
- / Up to 72 hour battery standby
- / Common fault and alarm relay contacts available
- / Combined interface for cable or probe
- / Compatible with Mobile Communicator
- / Kits available to make detection design and installation even easier
- / Internal buzzer on all panels

IDENTI-CRYER LOCKDOWN CONTROL PANEL

Part Numbers

Panels	IL-Conv-2	Identileak 2 Zone Conventional Panel, 230 Vac
	IL-Conv-4	Identileak 4 Zone Conventional Panel, 230 Vac
	IL-Conv-8	Identileak 8 Zone Conventional Panel, 230 Vac
Accessories	IL-RI	Identileak Remote Indicator
	IL-SS	Identileak Sounder
	IL-SB	Identileak Sounder Beacon
	IL-WDC-05	Identileak 5M Water Leak Detection Cable
	IL-WDC-10	Identileak 10M Water Leak Detection Cable
	IL-WDC-T	Identileak Cable Termination Link
	IL-WDP-01	Identileak 1M Probe
	IL-WDP-03	Identileak 3M Probe
	IL-WDP-H	Identileak Probe Height Adjustment Bracket
	IL-Int-F	Identileak Detection Interface - Flush
	IL-Int-S	Identileak Detection Interface - Surface
	IL-Int-DBB	Identileak Detection Interface - Double Backbox
	IL-WDC-05-Kit	Identileak 5M Cable Starter Kit (Includes Cable, Interface & Link)
	IL-WDC-10-Kit	Identileak 10M Cable Starter Kit (Includes Cable, Interface & Link)
	IL-WDP-01-Kit	Identileak 1M Probe Starter Kit (Includes Probe & Interface)
	IL-WDP-03-Kit	Identileak 3M Probe Starter Kit (Includes Probe & Interface)
	IL-GSM	Identileak Mobile Communicator (C/W 2 years Subscription)
	IL-LC	Identileak Leader Cable
	IL-FC	Identileak Fixing Clips
